

# Compliant Insider Threat Protection for **Government**

Government agencies are under attack. Not only have public sector security incidents grown at an alarming rate in the last year, you're also held to special regulations that dictate how data needs to be protected. Handling classified data, state secrets and troves of citizens' PII, you need a compliant solution that prevents against falling victim to threats before they occur.

## Did You Know?

The public sector sees the second most security incidents of any field while cyber attacks targeting the public sector jumped **95%** in the second half of 2022 alone

### ✓ **Detect & Prevent Insider Threats**

Create an InTP with built-in anomaly detection, risk assessment and scoring

### ✓ **Automate Policy Enforcement**

Automate data discovery & classification, and protect it with behavioral DLP rules

### ✓ **Conduct In-Depth Case Investigations**

Leverage detailed forensics like video/ audio recordings, alert reports, and immutable logs

### ✓ **Implement Zero-Trust Access Controls**

Satisfy EO 14028 with NIST compliant RBAC, ICAM, SoD and PoLP features and controls

### ✓ **Manage Contractors & Third-Party Risk**

Protect against accidental, negligent and malicious actions of vendors and contractors

### ✓ **Guardrail Privileged Users**

Safeguard data against those with the most access who can do the most damage

### ✓ **Monitor Remote Employees**

Extend your perimeter security to include remote and WFH users and contractors

### ✓ **Streamline Security Orchestration**

Integrate and share security events with your existing SIEM and SOAR systems

### ✓ **Ensure Federal Compliance Requirements**

Implement controls for CNSSD 504, ISO 27001, FISMA, NIST, FAR 52, DoDI, NERC & more

### ✓ **Deploy on a Gov't-Ready Platform**

Deploy on GSA-certified Cloud, On-Prem, AWS GovCloud, or Azure Government

*Implement a fully automated TDIR program with comprehensive behavior analytics, insider threat detection, and enterprise-grade data loss prevention*

## Comprehensive UAM and Behavior Analytics for **Federal, State and Local Government**

- Activity monitoring of 15+ system objects
- Real-time Risk Analysis & UEBA
- Intuitive, easy-to-use BI Dashboard
- Third-party Risk Management
- Behavior Rules and Policies with Automated Alerts and Responses
- Screen recordings and immutable logs for irrefutable audit evidence
- Patented OCR technology for data discovery
- In-App Field Parsing of custom apps
- Identity Management and RBAC controls
- Completely customizable for any use case
- Seamlessly integrates with your existing SIEM
- On-Prem, Cloud, Private Cloud and Government Cloud deployments
- ISO 27001 Certified Platform, Conforms with NIST Cybersecurity Framework

### Proven Insider Threat, Fraud and Compliance Solution

*"The interface and reporting capabilities of Teramind are unmatched compared to other products we tried. Overall, Teramind is far more advanced in coverage and reporting than other competitors."*

- Ricky H.

*"Teramind is a fantastic tool that gives you a detailed insight into all the activities of the employees. The level of detail it provides is exceptional and it's an excellent tool. There is no substitute for it."*

- Himanshu U.
